BACKGROUND TO THE TRUST AND BERKSHIRE POPULATION

Berkshire Healthcare NHS Foundation Trust provides health care for people with mental health problems and physical conditions and for some people with learning disabilities. We offer services for children and adolescents, working age adults and older people. We provide inpatient mental health services, as well as community hospital services for Berkshire. In addition to this, we provide care through locality based community teams who offer treatment and support through a range of services right across Berkshire including Reading, Slough, Windsor and Maidenhead (WAM), Wokingham, Bracknell and West Berkshire (Newbury). Most of our services are provided close to home and, where needed, in the home.

Berkshire Healthcare has been an NHS Foundation Trust since 2007. We employ more than 4,000 staff working from over 100 sites. We currently have around 10,331 Foundation Trust members.

Our population

Berkshire is a county of approximately 860,000 people, living in six local authority areas. In the East - Bracknell, Windsor and Maidenhead and Slough; in the West - Reading, Wokingham and West Berkshire.

According to the 2011 census, the population distribution is as follows:

- 50% women and 50% men
- 25% of the population aged 0 – 19 years, 61% aged 20 – 64 years, 12% aged 65 – 84 years, 2% aged 85 years and over.
- 0.2% are in a civil partnership
- 27% of the Berkshire population are from an ethnic minority background. Of these 7% are from non-British white background. We have used the following summary categories when presenting our patient data.

Ethnic category	Census 2011
White British	73%
White Other (including EU nationals, Irish, Gypsies & Travellers)	7%
Asian (Indian, Pakistani, Bangladeshi, Chinese, any other Asian)	13%
Black (African, Caribbean, any other Black background)	3.50%
Mixed	2.60%
Other ethnic group (Arab and any other ethnic group)	1%
Total ethnic groups	100%

We have used 'White British' and 'White other' as the combined category 'white' when presenting our data on employment.

Religious belief data collected by the census is provided in the table below

Religious belief	Census 2011
Christian	56.20%
Atheist	0.10%
Islam	6.50%
Hindu	2.70%
Other	27.70%
Not Declared	6.90%

Other data sources give us the following data

0.3% of the population have severe learning disability (Berkshire Learning Disability Register)

1.5% of the UK wide household survey undertaken in 2010 considered themselves lesbian, gay or bisexual (although the UK government uses 6%, as a more reliable estimate)

Data published in this report

This data relates to the period 1st October 2014 – 30th September 2015 unless otherwise stated.

Numbers of 5 or less have not been published to preserve confidentiality. In this case we have taken out these figures and recalculated our totals based on the lesser number. Therefore, in some cases, these figures are approximate.
