

# Community Learning Disability for adults service video transcript

0:00:03.840,0:00:09.760

We are the community learning disability service for adults. We are known as community learning

0:00:09.760,0:00:16.560

disability teams or CLDTs. We work closely with a learning disability intensive support

0:00:16.560,0:00:22.960

team which is known as IST and Campion which is our learning disability inpatient ward at

0:00:22.960,0:00:30.080

Prospect Park Hospital. We also work with GPs, acute hospitals, local authority services,

0:00:30.080,0:00:37.520

and other services involved in your care. We can help if you live in Berkshire, are over 18 years

0:00:37.520,0:00:43.520

of age, and have complex physical or mental health needs that require specialist support,

0:00:43.520,0:00:49.360

which more mainstream services are unable to offer because of your learning disability.

0:00:49.360,0:00:55.280

Our team includes a range of specialists who

can help you improve your physical and mental

0:00:55.280,0:01:01.520

wellbeing. Appointments will be held either at a local community learning disability team

0:01:01.520,0:01:09.840

office in your home or via telephone or online video call. To access our service,

0:01:09.840,0:01:15.280

you can make a referral yourself or someone who knows you well can do this for you.

0:01:15.280,0:01:21.520

This could also include your GP, a social worker, or another person who supports you,

0:01:21.520,0:01:28.240

including your family. When we have received your referral, we will review the information provided.

0:01:28.240,0:01:34.000

We might contact you for more information to help us understand better what you need. We will then

0:01:34.000,0:01:39.920

tell you if we can help you and when this help is likely to start. You can find more information

0:01:39.920,0:01:46.720

about the community learning disability service for adults and what we offer on our web page.
