

Specialist Dietetic Service for children and young people video transcript

0:00:00.560,0:00:07.600

Hello, we're the specialist paediatric dietetic service. We provide assessments, monitoring,

0:00:07.600,0:00:14.000

advice, and plans to children and young people who are receiving enteral nutrition in the community

0:00:14.000,0:00:19.600

or who have complex dietary needs and attend certain special schools across Berkshire.

0:00:19.600,0:00:25.760

Support can be provided via phone or video calls at one of our clinics or in the child or young

0:00:25.760,0:00:33.040

person's home, school, nursery or rest bite care setting. To access our service, your child or

0:00:33.040,0:00:38.560

young person will need to be registered with a GP in Berkshire. If they're not enterally fed,

0:00:38.560,0:00:45.760

they will be assessed within 18 weeks of referral. All new and urgent enteral feeding referrals will

0:00:45.760,0:00:52.320

have contact within 10 working days and a full assessment within 3 weeks. During an assessment,

0:00:52.320,0:00:56.080

your child's nutritional intake will
be assessed along with other issues

0:00:56.080,0:01:02.240

affecting it. We'll work with you to develop
a dietetic plan. You can find more information

0:01:02.240,0:01:08.800

about the specialist paediatric dietetic
service and what we offer on our web page.
