We are the CAMHS Health and Justice Service.

We are a multidisciplinary team made up of

0:00:06.240,0:00:12.400

an advanced mental health practitioner, physical health nurse, and speech and language therapist.

We work with children and young people who are involved with the criminal justice system

0:00:16.880,0:00:21.920

and are working with local youth justice teams. We support children, young people,

0:00:21.920,0:00:27.120

and the networks around them to engage positively in assessments and interventions for their mental

health, physical health, and communication.

Our service is only open to youth justice

0:00:32.560,0:00:38.080

teams and requires a direct referral from a youth justice case worker. Unfortunately,

0:00:38.080,0:00:43.840

we are unable to accept self-referrals. As a team,

we work collaboratively with the network to ensure

0:00:43.840,0:00:49.680

health needs are addressed as a whole and with the goal of reducing health inequalities. You can
