

## Immunisation Service for children and young people video transcript

0:00:01.520,0:00:08.080

We are the school aged immunisation service. We offer routine childhood immunisations in schools

0:00:08.080,0:00:14.400

and community settings for children and young people, usually from the ages of 4 to 16. We

0:00:14.400,0:00:20.720

also offer vaccinations for young adults up to the age of 25 in SEND schools and catch-up clinics for

0:00:20.720,0:00:26.400

those who missed any of their preschool vaccines. If your child or young person needs more tailored

0:00:26.400,0:00:31.840

support due to worries about vaccinations, anxiety, or being unable to access a vaccine

0:00:31.840,0:00:37.680

via school or a clinic, our specialist nurses can help break down those barriers. We cannot

0:00:37.680,0:00:44.080

help with private or travel vaccines. Your GP can advise where these are offered. If your child or

0:00:44.080,0:00:50.640

young person feels unwell following a vaccination,

please call 111 for advice. If the symptoms are

0:00:50.640,0:00:57.520

severe, such as breathing difficulties, call 999 or go to accident and emergency. If your child

0:00:57.520,0:01:03.280

is educated in a school setting or registered with a school, even if not attending regularly,

0:01:03.280,0:01:09.040

you should receive a letter via an email from the school inviting you to complete a yes or no

0:01:09.040,0:01:13.840

consent form. If your child is electively home educated, then you should receive

0:01:13.840,0:01:20.240

an invite via email or the virtual head. If you do not receive any notification and you

0:01:20.240,0:01:25.760

believe that your child is either due or missing vaccinations, you can call us using the phone

0:01:25.760,0:01:31.520

number on our web page. If your child requires additional support to access vaccinations,

0:01:31.520,0:01:37.360

then you can self-refer to our service by completing our online form. You can find more

0:01:37.360,0:01:44.560

information about the school-aged immunisation service and what we offer on our web page.
