Our children well-being practitioners

health problems.

We have close link to CAMS, but we are

0:00:25.039,0:00:29.679

separate. If there are mental health

0:00:27.439,0:00:31.599

concerns whilst on our wait list, please

0:00:29.679,0:00:33.360

discuss them with your school or GP as

0:00:31.599,0:00:35.440

they may be able to refer you to another

0:00:33.360,0:00:37.920

service.

0:00:35.440,0:00:39.840

If we have concerns around your child or

0:00:37.920,0:00:42.160

young person's mental health during the

0:00:39.840,0:00:45.040

0:00:42.160,0:00:47.600

will direct you to the suitable support.

0:00:45.040,0:00:49.280

A referral for an ADHD assessment can be

0:00:47.600,0:00:51.360

made by your child or young person's

0:00:49.280,0:00:53.199

school or education setting after a

0:00:51.360,0:00:55.120

support plan has been implemented for at

0:00:53.199,0:00:56.559

least 6 months.

0:00:55.120,0:01:00.000

We currently do not accept

0:00:56.559,0:01:01.680

self-referrals or referrals from GPs.

0:01:00.000,0:01:03.280

The information provided will be

0:01:01.680,0:01:05.760

reviewed and a decision will be made

0:01:03.280,0:01:07.760

about the best way to help. Because of

0:01:05.760,0:01:09.280

the number of referrals we receive, this

0:01:07.760,0:01:10.799

can take some time. So, please be

0:01:09.280,0:01:12.960

patient.

0:01:10.799,0:01:15.040

0:01:12.960,0:01:17.759

complete, we'll reach out to share our

0:01:15.040,0:01:19.759

decision with you. If our assessment

0:01:17.759,0:01:22.240

finds that your child or young person

0:01:19.759,0:01:24.240

does have ADHD and medication is thought

0:01:22.240,0:01:26.240

to be appropriate, we will provide
